

SUPPLEMENTARY MATERIAL

Table S1. Vacuumed rooms from each primary health care center and university central hospital areas

		Vacuumed Rooms
P1	Primary Health Care Center	Medical office, technical office, vaccination room, treatment room, corridor
P2		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P3		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P4		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P5		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P6		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P7		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P8		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
P9		Medical office, vaccination room, treatment room, corridor
P10		Medical office, vaccination room, treatment room, corridor, warehouse/cleaning room
H1	Yellow ward emergency unit	Medical office, treatment room
H2	Day hospital	Medical office, treatment room
H3	Internal Medicine ward	Medical office, treatment room
H4	Operating Room (OR)	Operating room, treatment room
H5	Outpatient Clinic	Treatment room, secretariat

P: primary health care centers; H: university central hospital; H1: yellow ward emergency unit; H2: day hospital; H3: internal medicine ward; H4: operating room; H5: outpatient clinic

Table S2. Sampling sites of each vacuumed room

Vacuumed Rooms	Sampling sites
Medical Office	Chairs, floor, desk, cabinets, digital scales, skirting board, windowsills, door jamb, stretcher, keyboard, telephone, computer and printer
Vaccination Room	Chairs, floor, desk, cabinets, digital scales, skirting board, windowsills, door jamb, portable massage tables, keyboard, telephone, computer and printer
Technical Office	Chairs, floor, desk, cabinets, digital scales, skirting board, windowsills, door jamb, keyboard, telephone, computer and printer
Treatment Room	Chairs, floor, desk, cabinets, digital scales, skirting board, windowsills, door jamb, portable massage tables, keyboard, telephone, computer and printer
Corridor	Floor and skirting board
Warehouse/Cleaning Room	Floor, skirting board, cabinets and workbench
Operating Room	Room: Chairs, floor, desk, workbench, windowsills, door jamb, portable massage table, medical equipment, computer, keyboard; Anteroom: floor, windowsills, medical equipment tissue dispenser, cabinets
Secretariat	Chairs, floor, desk, cabinets, skirting board, windowsills, door jamb, keyboard, telephone, computer, printer, counter, shelf

Table S3. Weight (*g*) of dust samples (n= 15)

	P1	P2	P3	P4	P5	P6	P7	P8	P9	P10	H1	H2	H3	H4	H5
<i>g</i>	0.080	0.010	0.090	0.010	0.090	0.010	0.080	0.010	0.010	0.050	0.050	0.010	0.070	<0.020	0.010

P: primary health care centers; H: university central hospital; H1: yellow ward emergency unit; H2: day hospital; H3: internal medicine ward; H4: operating room; H5: outpatient clinic.
